

How to Make a Cat Charmer Toy

Supplies

- Wooden dowel

Instructions

1. Stuff the toe of the sock with 1 tablespoon of dried catnip.
2. Stuff the foot of the sock with cotton balls or craft stuffing.
3. Squeeze fabric glue on the inside of the sock's ribbing to glue the sock closed or knot the top of the sock.
4. Decorate with fabric markers (not required).

Note: DO NOT add a fabric or yarn tail. It can be swallowed and become caught in the cat's intestines, which could possibly result in a need for surgery
